We have saved many dollars since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to cough we begin to use the Chamberlain's Cough Remedy, and as a result we never have to send for a doctor and incur a large doctor bill for Chamberlain's Cough Remedy ever fails to cure. It is certainly a medicine of great merit and worth.—D. M. Mackay, General Merchant and Farmer, Matine, Belmont county, Pa. For sale by J. J. Wood & Son, Druggists.

It is very hard to stand by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, N. Y. druggist called at a drugstore there for a doctor to come and see his child, then very sick with croup. Not finding the doctor, he left word for him to come and see him on his return. He also brought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Schmitz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country.
